They give lively livers, active bowels, good digestion, fine appetite. Only 25c at Clay City Lbr. & Stave Co.

London, Taylor's capital seems to be on the incline religiously, and the churches there must be strong, judging from the number of religious gatherings of importance they are entertaining of late. The General Association of Baptists of Kentucky have just closed a valuable session at this place, the Annual Conference of Methodist will meet there Sept. 1st., and the District Conference to which Clay City belongs, adjourned at Irvine week before last to meet with the good people of this mountain town next June.

Happy Time in Old Town.

"We felt very happy," writes R. N. Bevell, Old Tow, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Boils, Ulcers, Eruptions. Infalible for Piles. Only 25c at Clay City Lbr. & Stave Co. Store.

Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25cents Clay City Lbr. & Stave Co.

The first Big show of the season will visit Clay City Tuesday June 24th. Surely this item of news will please the young folks, the children and the older ones also. Sun Bros.' World's progressive Show is one that has a standing record for presenting a good performance in one big ring, in the good old style. Sun Bros. run their show strictly on business and moral principles. Nothing is permitted to appear that will mar the pleasure of the skeptically inclined. Neither are the usual

army of fakirs (often seen following in the wake of shows) allowed to follow this organization. The long standing reputation of the Sun Brothers throughout America and the Dominion of Canada shall not be jeopardized by allowing any catchpenney affair to be connected with their show. Fifty great celebrated artists will appear at every performance. Fully two hours and one-half of enjoyment is afforded. Let's all attend. Afternoon at 2 o'clock. Evenings at 8 o'clock.

The Hon. F. A. Hopkins, candidate for Congress in this district, has been here and at Stanton several days this week. Mr. Hopkins is an agreeable gentleman and found more supporters in this county than he expected to find. He is a self-made man, and one that is taking wherever he goes. He spoke at Stanton Monday and proved himself to be well posted on current affairs and to be well, and perhaps better, qualified to represent this district than any one elected to this capacity for a number of years past. Mr. Hopkins is a mixing man, and the other candidates are going to find that he is not in this race for fun.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,568 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

Joe McKinney was home a few days the last of the week.

B. S. Burgher was in Winchester Saturday on a business mission.

Saturday was Lodge day and there were several visitors in town.

The blackberry crop, which is not as large as usual, is beginning to ripen in this section.

Misses Cora and Ida Crow and Katie Ware were guests of Miss Besse Barnett Saturday and Sunday.

Miss Dollie Christopher and nephew, Master Delbert Christopher, visited the former's sister, Mrs. A. R. Lowry near Ruckerville the latter part of last week.

Pastor Pence failed to fill his stand at this place Sunday. He went over to Ware's Chapel to preach. There are eight points to serve on this circuit and the pastor finds it difficult to serve them all satisfactory.

A new school house is to be built at this place soon. This will speak well for the people of our district. While the school house at this place may be credited to some of them in the county, it is a disgrace for a people to continue to school their children in such a building, and more especially so when a community is so well able to have a better one as in our case.

John Laffoon, who killed his wife at Valley View last week and made his escape, has been caught on Red Lick, this county by J. B. Wagers and James Cox and taken to Richmond and lodged in jail. The Governor had offered a reward of \$100 for his arrest and return to Richmond. The murderer is thought to be insane.

Sams Sayings.

Thomas Crouch bought of Jas. Wiseman four shoats for \$16.

Madam rumor says there will be a wedding soon in this neighborhood.

Prospect is fine in this section for a good corn crop and oats are going to be fine.

Earl, son of Mr. and Mrs. H. C. Witt, is very sick with typhoid fever at this writing.

Mr. Samuel Embs and wife attended the funeral of the little son of W. F. McIntosh Friday.

Henry Salyers, of Whit Oak, was visiting his daughter, Mrs. Will McIntosh last Friday night.

Deputy Sheriff Chas. F. Masters, who has been sick for some time, with typhoid fever, is some better.

It is reported that Claiborne Witt, son of Delaney Witt, has become insane from some cause or other.

"Uncle" H. B. Wiseman is at his farm in Clark county, near Renick Station transacting business.

Died, on the 12 inst., the little two-month-old son of Mr. and Mrs. Wm. F. McIntosh of whooping cough. Burial Friday in the family cemetery. We extend to the bereaved parents our sympathy.

Andrew Wiseman was on his way to mill last Friday, when in crossing the river his horse stumbled, fell down and threw his urn off and lost it, as the water was very swift, washing it down into deep water.

At A Republican Speaking.

In the joint speaking at Burkesville last week between Hons. Vincent Boring, David Colson and Ed Parker, candidates for the Republican nomination for congress in the Eleventh district, the first named candidate devoted considerable time to telling of his influence in Washington, when he urged as one reason why he should be renominated. In reply, Colson said: "Now, Boring talks a great deal about his influence at the White House, but I can prove to you he hasn't got as much standing there as a negro, for the President has invited Booker Washington to dine at the White House, but Boring has never yet been asked to put his feet under the mahogany with Teddy." The crowd yelled, and even the negroes present seemed to be greatly tickled at the joke.—Lexington Democrat.

The following taken from the Central Methodist is equally applicable to all denominations as well as Methodists with which it deals: "There is harder work than preaching and pastoral visiting; it is overcoming the spirit of worldliness in a church. When a few Methodist women want their children to take dancing lessons and go to balls for the sake of good society and youthful pleasure; when Methodist families give dancing and card parties, and when Methodist young ladies and gentlemen want to attend such things and stay in the church then comes the hardest work of most pastor's lives. What to do and when and how, are troubling questions."

The citizens of Jackson are very indignant over the slanderous reports going out from that town concerning the immoral state of affairs.

The Times for the news.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. Then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

We have had some very hot weather the past week, and some cool days also. Yesterday evening an excellent rain fell which was becoming to be badly needed in this section.

For biliousness use Chamberlain's Stomach & Liver Tablets. They cleanse the stomach and regulate the liver and bowels, effecting a quick and permanent cure. For sale by all dealers in patent medicine.

Three shade trees about four inches in diameter have been trans-

planted in front of the post-office and the company office. The foliage is mature on these trees.

Protracted services will be begun at the Methodist church on Monday night, June 23. Rev. W. W. Green, of Wilmore, will assist pastor Pence in these services. All are cordially invited to attend.

Dr. and Mrs. Northcutt, of Nicholasville, came in Tuesday. Mr. Northcutt is progressing finely on his well which he is drilling on the Clark farm, and he entertains fine hopes of bringing in a good well soon.

Gov. and Mrs. Beckham and party passed through Clay City Saturday en-route to Natural Bridge. On their return several congregated at the depot to get a view of the distinguished passengers.

The Mutual Handle Company has bought several tracts of hickory timber on Hardwick's creek from various parties, and has moved its saw mill up there. This factory has become one of the leading industries of the town.

R. B. Moore, our stave man returned Saturday from New York where he has been on a business trip for the two past weeks. Mr. Moore is doing a good business and it is always a pleasure to us to see such men as he succeed in this life.

My little son had an attack whooping cough and was threatened with pneumonia; but Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup. —H. J. Strickfaden, editor World Herald, Fair Haven, Wash. For sale by all dealers in patent medicine.

Governor Beckham has offered a reward of \$100 for the arrest of John Laffoon, who killed his wife at Valley View last week. He has also put out a reward of \$500 for the arrest and return of Geo. Ramey to Pike county where he is charged with murder.

Pastor J. T. Turpin filled his stand at Powell's Valley Saturday and Sunday. Elder Turpin had just returned from the Baptist Association at London, and reports an excellent meeting. The association will meet at Winchester next year.

The man who will render a favor to another when he is expecting something in return, is not a friend. Anyone would do this even if he be a stranger. Pure generosity comes in when one is willing to render a favor to another who is not then in position to render help in return, and perhaps never will be, when they think nothing about receiving any thing in return at any time.

In many instances attack of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. "W. E. Bosworth, of LaFayette, Ala., says: 'In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes.' For sale by all dealers in patent medicine.

It is a pleasure to the many friends of Louie Bradley to know that the accident which threatened to result fatally did not do so. Under the treatment of Dr. Williams he was soon brought out all right and is now able to go a-

bout. He will soon resume work in the planing mill as machinist.

The Democratic County Committee met at Stanton Monday and decided to hold the primary for the election of a candidate for the office of Circuit Clerk in this county. Our readers can find the leading candidates by consulting our announcement column.

If a candidate has not got enough hopes of election to place his announcement in the party's paper because the paper charges a reasonable fee for same he should come off the track, for the party wants and will nominate the candidate that is not so close fisted, and one that supports the party's paper. Consult our announcement column.

The kissing bug has visited Clay City. The victim is John Neal. On Friday night his lip swelled up to tripple its normal size and remained so for several days, giving him much concern. It puzzled most everyone until the kissing bug was thought of. A gentleman, standing in our office, remarked when he observed the swollen lip, that he had rather kiss forty men's wives than to receive a visit from the kissing bug.

There are several candidates for the office of Circuit Clerk in this county, we are told, but we have never met but two of them. The other gentlemen must be making a silent canvass of the county. By referring to our subscription list we find that these two—Messrs. Stringer and Wood—are the only ones who appreciate their party paper enough to subscribe for it, but perhaps these other gentlemen are not so much interested in this end of the county where it is published. We wonder how this is.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowle complaints, both for children and adults. No family can afford to be without it. For sale by all dealers in patent medicine.

All women sensibly desire to be attractive. Beauty is the stamp of health because it is the outward manifestation of inner purity. A healthy woman is always attractive bright and happy. When every drop of blood in the veins is pure a beautiful flush is on the cheek. But when the blood is impure, moroseness, bad temper and a sallow complexion tells the tale of sickness, all too plainly. And women to-day know there is no beauty without health. Wine of Cardui crows women with beauty and attractiveness by making strong and healthy those organs which make her a woman. Try Wine of Cardui, and in a month your friends will hardly know you.

R. W. Cole with the Lexington Morning Herald, was in town on yesterday trying to "build circulation." The Herald has lost its prestige on account of its bolting quantities, and its Republicanism. The Lexington Morning Democrat has taken its place in Clay City, there not now being a single "Herald" delivered in this town by carrier. The Democrat is fast increasing in popularity and bids fair to displace a large per cent. of Louisville and Cincinnati morning papers, it arriving to the subscribers in the morning instead of the afternoon.

CLAY CITY, SPOUT SPRING, KENTUCKY.

Colonel R. C. Hill, of Beattyville has announced his candidacy for the Democratic nomination for Railroad Commissioner from the Third district.

Judge W. H. Lilly and attorney L. A. West were here last night. They were on their way to attend Stanton Circuit Court. Judge Lilly, though a Republican, made one of the best judges Estill county has ever had, and if Irvine had a few more enterprising citizens like he is, it would soon change from his dead appearance to one of life and vigor. Mr. West is the present County Attorney, and is serving in that capacity with much credit to himself. He, also, is another enterprising gentleman and will make his mark in life.

Of what does a bad taste in your mouth remind you? It indicates that your stomach is in bad condition and will remind you that there is nothing so good for such a disorder as Chamberlain's Stomach & Liver Tablets after having once used them. They cleanse and invigorate the stomach and regulate the bowels. For sale at 25 cents per box. For sale by all dealers in patent medicine.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks has suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, I feel as though born anew," and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by all dealers in patent medicine.

Strange to Say, Yet True.
There are about 1,500,000,000 in the world today, and of that number, we find 7,000,000 Jews, 110,000,000 Greeks, 150,000,000 Protestants, 206,000,000 Mohammedans, 231,000,000 Roman Catholics and 750,000,000 heathens.

God has said, "For whosoever shall call upon the Lord shall be saved." How then shall they call on Him in Whom they have not believed? and how shall they believe in Him of Whom they have not heard? and how shall they hear without a preacher? and how shall they preach except they be sent?"—Romans 10: 13-15.

Here we have 850,000,000 heathens, more than half the population of the world. Yet we find that these can not be saved except they believe in Christ, then we find that they can not believe in Christ because they have never heard of Him, and they can never hear of Him without a preacher: the preacher can not go except he be sent by Christ and the church.

I feel that the 150,000,000 Protestants are responsible for these heathens unless they strive to Christianize them because of the great command given to all of the children of God: "Go ye unto all the world and preach the gospel." We all may not stand in the pulpit to preach the gospel. You, reader, can preach the gospel at your own occupation in supporting a man who will go to these dark, heathen lands and preach Christ that they may believe and be saved. I believe that the United States, a so-called Christian nation, is in a bad condition in the sight of God. Why, we find only \$5,000,000 paid for foreign missions; \$22,000,000 paid for toll; \$95,000,000 for church work at home; \$400,000,000 for amusements; \$800,000,000 for tobacco; \$1,400,000,000 for liquor. This is the annual expense in the United States, a Christian nation, so-called. Is it time for every man and woman to rally to the cross of Christ and help to send the gospel to the poor heathen? Paul was a great missionary and was sent from Antioch by the church at that place. Let us remember if it had not been for missionaries what a sad condition we would have been in. So God has said, "Freely ye have received, freely give." Christ, the great Missionary which was received freely, so as we have received Him freely, let us freely give his gospel to others by our means.

Hoping this may prove profitable to all who read it, I am

Yours fraternally,
J. H. PECKE,
Pastor M. E. C. S. Clay City.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.
J. B. BELSHER, St. Louis, Mo.

Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.

here the past two weeks and bought the bodies of a number of negroes. The contract reads that when Mr. Coon shuffles off this mortal coil, a certain medical college is to have the body. Ten dollars per carcass is paid, and, we understand the agreement is recorded in the clerk's office. A number of colored men and boys have "sold," and if the medical college will manage in some way to hasten the delivery of the goods, the citizens of Lancaster will help defray all expenses.—Lancaster Record.

Better Go Slow.

We have come to the conclusion that we had better go slow about this here free delivery. We seen in a Northern paper that it was breakin up the lickin business in the towns. When he has his letters delivered at his own home, he ain't got no excuse to go town to get a drink. Now, if every mail rider was compelled to carry a can of lickin around with him so that every gentleman could have his drink delivered at his own door, the objection to the rural free delivery wouldn't amount to anything. But in these days when the mailed hand of tyranny is trying to plant the poison oak in the councils of the brave, we can't be too keefvul.
